Rural Mission Solutions Webinars are a free resource. The organisation, which serves rural churches across the UK and across the denominational spectrum, is an independent faith ministry. Further information and details about how the organisation is funded is on the website www.ruralmissionsolutions.org.uk

SGM Lifewords (an excellent source of good evangelistic and other literature)

www.Christianity.org.uk is an excellent, trustworthy and cringe-free website for enquirers. This link should appear on all handouts, church magazines etc as it multiplies the scope of anything you arrange.

Germinate (formerly the Arthur Rank Centre) This is a major source of information and resources for rural churches. We especially commend *Country Way* magazine and a new publication jointly by the Methodist Church and the United Reformed Church, *Discipling Presence*, More details at www.germinate.net
